On June 9, 2008, a leak occurred in the 18-inch-diameter transmission water main at 26700 Pacific Coast Highway in Malibu disrupting water service to customers in the west side of Malibu. The W. A. Rasic Construction Company was called to assist District staff to repair the leak. The repair work was completed on June 10, 2008, at an estimated cost of \$50,000.

The W. A. Rasic Construction Company is one of five as-needed, on-call emergency contractors with contracts approved by your Board on December 1, 2003. We committed to reporting to your Board all emergency repairs carried out under these contracts.
